Dear Sirs: RE: Garibaldi At Squamish Resort – Environmental Review Process  
Garibaldi At Squamish, Inc. (“GAS”)

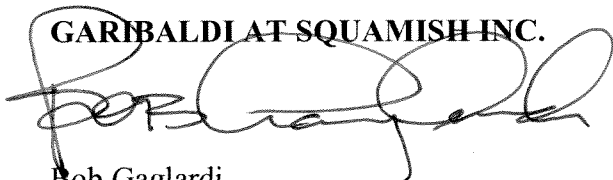

Further to the meeting at our offices last Friday, we understand that the information requested by the various interested government agencies at the information session of the Working Group held February 8, 2007 and otherwise, appears to have been received by your office and/or the other agencies. In addition, we understand that prerequisites to commencement of the Environmental Review Process identified at that meeting have also been fulfilled.

Accordingly, we hereby request that you accept the application, materials and information that GAS has submitted to your office, in order to begin the 30 day screening process of our application preparatory to the formal commencement of the 180 Environmental Review Process. Kindly confirm that the screening process has commenced.

We would like to thank you, and your staff, for the efforts expended to bring our project to this threshold of proceeding. We are enthused to proceed.

Yours very truly,

**GARIBALDI AT SQUAMISH INC.**
