4 **ACKNOWLEDGMENTS** i
5 **EXECUTIVE SUMMARY** vi
6 **TABLE OF COMMITMENTS AND ASSURANCES**xvi
7 **LIST OF ACRONYMS**.....xxiv
8 **GLOSSARY**xxx
9 **TABLE OF CONCORDANCE**xliv
10 **TABLE OF CONTENTS**.....lxxxviii
11 **1.0 INTRODUCTION**..... 1-1
12 **1.1 Proponent Identification**..... 1-1
13 **1.1.1 Proponent Contact Information**..... 1-1
14 **1.1.2 Technical Capacity** 1-2
15 **1.2 Purpose and Organization**..... 1-8
16 **1.2.1 Purpose** 1-8
17 **1.2.2 Terms of Reference**..... 1-8
18 **1.2.3 Technical Working Group** 1-9
19 **1.2.4 Organization** 1-11
20 **1.3 Project Overview** 1-14
21 **1.3.1 Project Route**..... 1-14
22 **1.3.2 Project Components** 1-15
23 **1.4 Project Purpose** 1-16
24 **1.4.1 Limits of the Existing ILM Transmission Grid** 1-16
25 **1.4.2 Project Benefits** 1-17
26 **1.5 Regulatory Framework** 1-17
27 **1.5.1 Federal Regulatory Framework** 1-18
28 **1.5.2 Provincial Regulatory Framework**..... 1-22
29 **1.5.3 Local Government Approvals** 1-25
30 **1.5.4 Approvals Required during Preparation of the EAC Application** 1-25
31 **1.5.5 Statutory Right-of-Way Requirements**..... 1-26
32 **2.0 INFORMATION DISTRIBUTION AND CONSULTATION** 2-1
33 **2.1 Access to Information** 2-1
34 **2.2 Public Consultation**..... 2-1
35 **2.2.1 Pre-Application** 2-3
36 **2.2.2 EAC Application Review** 2-22
37 **2.3 First Nations Consultation** 2-26
38 **2.3.1 Pre-Application** 2-26
39 **2.3.2 EAC Application Review** 2-73
40 **2.4 Consultation with Federal, Provincial and Local Government Agencies** 2-79
41 **2.4.1 Pre-Application** 2-79
42 **2.4.2 EAC Application Review** 2-87

1	3.0	REVIEW OF ALTERNATIVES	3-1
2	3.1	Alternatives to the Project.....	3-1
3	3.1.1	Alternatives Considered	3-2
4	3.1.2	Screening Analysis of Alternatives	3-3
5	3.1.3	Analysis of UEC and 5L83.....	3-4
6	3.2	Alternative Means of Carrying out the Project	3-7
7	3.2.1	Alternatives Considered	3-7
8	3.2.2	Analysis of Alternatives	3-9
9	3.3	Preferred Alternative.....	3-31
10	4.0	PROJECT DESCRIPTION, SCOPE AND RATIONALE	4-1
11	4.1	Existing Interior-to-Lower Mainland Transmission System.....	4-1
12	4.1.1	Overhead Transmission Lines.....	4-1
13	4.1.2	Substations and Capacitor Stations	4-3
14	4.1.3	Existing Land Tenure.....	4-5
15	4.1.4	System Limitations	4-12
16	4.2	Proposed ILM Transmission Line Project.....	4-12
17	4.2.1	Project Route.....	4-12
18	4.2.2	Route Segments.....	4-13
19	4.2.3	Structure Design and Layout	4-19
20	4.2.4	Property Requirements.....	4-23
21	4.2.5	Access Requirements.....	4-26
22	4.2.6	Project Components	4-29
23	4.2.7	Other System Requirements	4-31
24	4.2.8	Potential Constraints	4-31
25	4.3	Construction Activities, Plan and Schedule	4-35
26	4.3.1	Project Activities	4-35
27	4.3.2	Project Schedule	4-42
28	4.4	Operations and Maintenance Activities and Schedule	4-42
29	4.5	Capital Costs	4-45
30	4.6	Labour Force	4-47
31	5.0	ENVIRONMENTAL ASSESSMENT METHODS	5-1
32	5.1	Scope of Environmental Assessment.....	5-1
33	5.2	Assessment Area Boundaries	5-13
34	5.2.1	Spatial Boundaries	5-14
35	5.2.2	Temporal Boundaries	5-14
36	5.3	Identification of Project – Environment Interactions	5-19
37	5.4	Assessment of Environmental Effects	5-21
38	5.5	Development of Mitigation and Environmental Management Strategies.....	5-22
39	5.6	Determination of Significance of Residual Effects.....	5-23

1	6.0	ENVIRONMENTAL EFFECTS ASSESSMENT	6-1
2	6.1	Fisheries and Aquatic Habitat.....	6-3
3	6.1.1	Project Setting and Characterization	6-3
4	6.1.2	Assessment of Potential Effects	6-9
5	6.1.3	Mitigation and Environmental Management	6-12
6	6.1.4	Potential Residual Effects.....	6-20
7	6.2	Terrestrial Wildlife and Vegetation.....	6-23
8	6.2.1	Project Setting and Characterization	6-23
9	6.2.2	Assessment of Potential Effects	6-38
10	6.2.3	Mitigation and Environmental Management	6-49
11	6.2.4	Potential Residual Effects.....	6-60
12	6.3	Geotechnical and Natural Hazards.....	6-63
13	6.3.1	Project Setting and Characterization	6-63
14	6.3.2	Assessment of Potential Effects	6-65
15	6.3.3	Mitigation and Environmental Management	6-66
16	6.3.4	Potential Residual Effects.....	6-68
17	6.4	Surface Water Hydrology and Groundwater.....	6-73
18	6.4.1	Project Setting and Characterization	6-73
19	6.4.2	Assessment of Potential Effects	6-79
20	6.4.3	Mitigation and Environmental Management	6-81
21	6.4.4	Potential Residual Effects.....	6-84
22	6.5	Navigation.....	6-87
23	6.5.1	Project Setting and Characterization	6-87
24	6.5.2	Assessment of Potential Effects	6-94
25	6.5.3	Mitigation and Environmental Management	6-95
26	6.5.4	Potential Residual Effects.....	6-97
27	6.6	Urban Land Use	6-100
28	6.6.1	Project Setting and Characterization	6-101
29	6.6.2	Assessment of Potential Effects	6-106
30	6.6.3	Mitigation and Environmental Management	6-108
31	6.6.4	Potential Residual Effects.....	6-113
32	6.7	Agriculture Land and Resource Use.....	6-115
33	6.7.1	Project Setting and Characterization	6-115
34	6.7.2	Assessment of Potential Effects	6-116
35	6.7.3	Mitigation and Environmental Management	6-119
36	6.7.4	Potential Residual Effects.....	6-124
37	6.8	Forestry Land Use	6-127
38	6.8.1	Project Setting and Characterization	6-127
39	6.8.2	Assessment of Potential Effects	6-130
40	6.8.3	Mitigation and Environmental Management	6-132
41	6.8.4	Potential Residual Effects.....	6-135

1	6.9	Land and Resource Use.....	6-138
2	6.9.1	Project Setting and Characterization	6-138
3	6.9.2	Assessment of Potential Effects	6-145
4	6.9.3	Mitigation and Environmental Management	6-151
5	6.9.4	Potential Residual Effects.....	6-155
6	6.10	Visual Quality.....	6-157
7	6.10.1	Project Setting and Characterization	6-157
8	6.10.2	Assessment of Potential Effects	6-161
9	6.10.3	Mitigation and Environmental Management	6-170
10	6.10.4	Potential Residual Effects.....	6-171
11	6.11	Contaminated Sites	6-173
12	6.11.1	Project Setting and Characterization	6-173
13	6.11.2	Assessment of Potential Effects	6-178
14	6.11.3	Mitigation and Environmental Management	6-180
15	6.11.4	Potential Residual Effects.....	6-181
16	6.12	Socioeconomics	6-184
17	6.12.1	Project Setting and Characterization	6-184
18	6.12.2	Assessment of Potential Effects	6-192
19	6.12.3	Mitigation and Environmental Management	6-201
20	6.12.4	Potential Residual Effects.....	6-206
21	6.13	Air Quality	6-212
22	6.13.1	Project Setting and Characterization	6-212
23	6.13.2	Assessment of Potential Effects	6-213
24	6.13.3	Mitigation and Environmental Management	6-217
25	6.13.4	Potential Residual Effects.....	6-219
26	6.14	Noise and Radio Interference.....	6-220
27	6.14.1	Project Setting and Characterization	6-220
28	6.14.2	Assessment of Potential Effects	6-225
29	6.14.3	Mitigation and Environmental Management	6-230
30	6.14.4	Potential Residual Effects.....	6-231
31	6.15	Electromagnetic Fields	6-233
32	6.15.1	Project Setting and Characterization	6-233
33	6.15.2	Assessment of Potential Effects	6-236
34	6.15.3	Mitigation and Environmental Management	6-238
35	6.15.4	Potential Residual Effects.....	6-238
36	6.16	Heritage Resources.....	6-239
37	6.16.1	Project Setting and Characterization	6-239
38	6.16.2	Assessment of Potential Effects	6-242
39	6.16.3	Mitigation and Environmental Management	6-242
40	6.16.4	Potential Residual Effects.....	6-245

1	6.17	First Nations Interests.....	6-248
2	6.17.1	Project Setting and Characterization	6-248
3	6.17.2	Assessment of Potential Effects	6-257
4	6.17.3	Mitigation and Environmental Management	6-265
5	6.17.4	Potential Residual Effects.....	6-269
6	6.18	Public Health	6-273
7	6.18.1	Project Setting and Characterization	6-273
8	6.18.2	Assessment of Potential Effects	6-273
9	6.18.3	Mitigation and Environmental Management	6-279
10	6.18.4	Potential Residual Effects.....	6-281
11	7.0	EFFECTS OF THE ENVIRONMENT ON THE PROJECT	7-1
12	7.1	Landslides	7-3
13	7.1.1	Potential Effects.....	7-3
14	7.1.2	Mitigation Measures	7-4
15	7.2	Earthquakes	7-5
16	7.2.1	Potential Effects.....	7-5
17	7.2.2	Mitigation Measures	7-6
18	7.3	Snow avalanches	7-7
19	7.3.1	Potential Effects.....	7-7
20	7.3.2	Mitigation Measures	7-7
21	7.4	Climate	7-8
22	7.4.1	Potential Effects.....	7-9
23	7.4.2	Mitigation Measures	7-11
24	7.5	Wildfires.....	7-12
25	7.5.1	Potential Effects.....	7-12
26	7.5.2	Mitigation Measures	7-13
27	7.6	Flooding.....	7-14
28	7.6.1	Potential Effects.....	7-14
29	7.6.2	Mitigation Measures	7-15
30	7.7	Summary	7-16
31	8.0	ACCIDENTS AND MALFUNCTIONS	8-1
32	8.1	Electrical Hazards & Mitigation.....	8-1
33	8.1.1	Potential Hazards	8-1
34	8.1.2	Mitigation Measures	8-2
35	8.2	Terrain Hazards & Mitigation	8-3
36	8.2.1	Potential Hazards	8-3
37	8.2.2	Mitigation Measures	8-5
38	8.3	Traffic Hazards & Mitigation	8-7
39	8.3.1	Potential Hazards	8-7
40	8.3.2	Mitigation Measures	8-8

1	8.4	Hazardous Materials Spills	8-9
2	8.4.1	Potential Hazards	8-9
3	8.4.2	Mitigation Measures	8-10
4	8.5	Substation and Capacitor Station Equipment Failure	8-11
5	8.5.1	Potential Hazards	8-11
6	8.5.2	Mitigation Measures	8-13
7	8.6	Transmission Tower or Conductor Failure	8-14
8	8.6.1	Potential Hazards	8-14
9	8.6.2	Mitigation Measures	8-16
10	8.7	Summary	8-17
11	9.0	SIGNIFICANCE OF RESIDUAL EFFECTS	9-1
12	9.1	Determination of Significance	9-1
13	9.2	Summary of Residual Effects	9-2
14	9.3	Recommended Conclusion of Significance	9-15
15	10.0	CUMULATIVE EFFECTS ASSESSMENT	10-1
16	10.1	Scoping.....	10-1
17	10.1.1	Potential Residual Effects and Cumulative Potential.....	10-2
18	10.1.2	Residual Effects of Other Projects.....	10-3
19	10.2	Analysis of Cumulative Effects Assessment.....	10-5
20	10.3	Evaluation of Significance	10-18
21	10.3.1	Introduction and Proliferation of Terrestrial Invasive Plants	10-22
22	10.3.2	Enhanced Landslide Activity.....	10-24
23	10.3.3	Sediment Erosion and Deposition in Fish Habitats	10-26
24	10.4	Summary of Cumulative Effects Assessment.....	10-29
25	11.0	ENVIRONMENTAL MANAGEMENT PROGRAM	11-1
26	11.1	Construction Environmental Management Program.....	11-2
27	11.1.1	Environmental Management Plan (EMP)	11-4
28	11.1.2	Environmental Protection Plans (EPPs) and	
29		EMP Components Plans.....	11-5
30	11.2	Operational Environmental Management Program	11-15
31	11.2.1	Environmental Management System (EMS)	11-16
32	11.2.2	Spill Prevention and Emergency Response	11-16
33	11.2.3	Vegetation Maintenance.....	11-17
34	11.2.4	Wildfire Management.....	11-21
35	11.2.5	Health and Safety	11-23
36	11.3	Decommissioning Management Plan	11-25
37	11.4	Summary	11-25

1 12.0 ENVIRONMENTAL MONITORING
2 AND FOLLOW-UP PROGRAMS 12-1
3 12.1 Construction Monitoring..... 12-1
4 12.1.1 Environmental Monitoring..... 12-1
5 12.1.2 Agricultural Monitoring..... 12-8
6 12.1.3 Wildlife Monitoring and Surveys 12-8
7 12.1.4 Other Monitoring and Survey Activities 12-10
8 12.2 Post-Construction Monitoring 12-10
9 12.2.1 Site Restoration Monitoring 12-11
10 12.3 Transmission Infrastructure Monitoring 12-11
11 13.0 CONCLUSIONS AND COMMITMENTS 13-1
12 13.1 Conclusions 13-1
13 13.2 Commitments 13-11
14 13.2.1 First Nations Consultation 13-14
15 13.2.2 Public Consultation..... 13-15
16 14.0 LIST OF REFERENCES AND SUPPORTING DOCUMENTATION..... 14-1

LIST OF APPENDICES

30	Appendix A	Public Consultation & Communication Tracking Log
31	Appendix B	First Nations Consultation Tracking Log
32	Appendix C	Fisheries and Aquatic Habitat Assessment Technical Report
33	Appendix D	Terrestrial Wildlife and Vegetation Assessment Technical Report
34	Appendix E	Geotechnical and Natural Hazards Assessment Technical Report
35	Appendix F	Surface Water Hydrology and Groundwater Assessment Technical
36		Report
37	Appendix G	Urban Land Use Assessment Technical Report
38	Appendix H	Agriculture Land and Resource Use Assessment Technical Report
39	Appendix I	Forestry Land Use Assessment Technical Report
40	Appendix J	Land and Resource Use Assessment Technical Report
41	Appendix K	Visual Quality Assessment Technical Report
42	Appendix L	Contaminated Sites Assessment Technical Report

1	Appendix M	Socio-economic Assessment Technical Report
2	Appendix N	Air Emissions Assessment Technical Report
3	Appendix O	Noise Assessment Technical Report
4	Appendix P	Radio Interference Assessment Technical Report
5	Appendix Q	Electric and Magnetic Field Baseline Survey & Modeling
6	Appendix R	Archaeological Impact Assessment Technical Report
7	Appendix S	Public Health Risk Assessment Technical Report
8	Appendix T	Property Value Assessment Technical Report
9	Appendix U	Typical Bridge and Transmission Line Watercourse Crossing
10		Drawings
11	Appendix V	First Nations Consultation Supporting Documentation
12	Appendix W	Photographs of the Existing ILM Transmission System
13	Appendix X	Typical Right-of-Way Clearing Width Diagrams
14	Appendix Y	First Nations Interests Assessment Supporting Documentation
15	Appendix Z	BCTC Environmental Management Documentation
16	Appendix AA	BCTC Environmental Incident Reporting Standard
