Subject: RE: Mica Units 5 and 6: Comments due no later than Saturday, Oct. 24

Hello Kate,

The Commitments in the EAC application make reference to the draft Columbia Water Use Plan ("WUP") Addendum. At the Working Group Meeting of September 9, 2009, it was decided that BC Hydro would provide the draft WUP addendum to the Working Group for review. I expected it would be provided during the review period, however, I do not believe this has occurred.

I may have comments to make upon reviewing the draft WUP Addendum, otherwise I have no comments on the application at this time.
