The Game Department will give trappers who try to conserve their Beaver, as well as other fur-bearing animals, all the assistance in its power to protect their lines from poachers, but, on the other hand, will cancel the lines of those trappers who wilfully overtrap.

Registered trappers are particularly requested to adhere to the following:-

(1.) Do not overtrap; conserve the furbearing animals on your trap-line. (2.) Plainly mark your trap-line and refrain from trespassing on any other trapper's line or on private land.

(3.) Please make your application for renewal of your registered line and your eturn of catch covering the past see son's operations after the expiration of your Special Firearms Licence, or at least before October 31st, as failure to renew or submit your return of catch may place your application for registration in line for cancellation.
