

Alpine Monitoring - Cover information for a single transect

Use additional sheets for one transect if necessary

Bolded information is required!

Protected Area Name: Roan / Grizzly Pen / Singer bowl

Transect (Site) Name: Transect 2

Transect (Site) ID (lat/long, GPS coordinates, photos) Poc wrong on first measurement - New Poc w/a real GPS 593629

Transect Aspect: 42° w / Decl. 20° E.

Date: 2013-03-09

Weather conditions: Clear, sunny, smoky, windy

Time: 11:26

Observer/Recorders: AB, AL

General Observations: Transect points from 2013 measurement ~ 30m out, question: Pod accuracy. Using

GPS 64's (AB) re-located plot 10, no pins found

Dist along Transect: 0m 10.1m 20.1m 30.1m 40.1m 50.2m 60.1m 70.15m 80.1m 90.0m
