

Alpine Monitoring - Cover information for a single transect

Use additional sheets for one transect if necessary

Bolded information is required!

Protected Area Name: Kakwa

Transect (Site) Name: T1 - Mt Rukwa

Transect (Site) ID (Lat/Long, GPS coordinates, photos): start 689774 end 5986910

Transect Aspect:

Date: 2023-07-11

Weather conditions:

Time:

Observer/Recorders:

General Observations:

first plot along transect starts at:

pins marking plots are placed in what pattern?:
