

BRITISH COLUMBIA LIMITED ENTRY HUNTING REGULATIONS SYNOPSIS 2005 - 2006

APPLICATIONS MUST REACH THE VICTORIA ADDRESS BY 4:30p.m. JUNE 15, 2005

****DEADLINE FOR SPECIAL LIMITED ENTRY HUNTS HAS BEEN CHANGED TO JULY 6, 2005, SEE PAGE 4 FOR DETAILS****
****CONTINUED FOR 2005, SHARED HUNTS FOR ALL LEH MOOSE PROVINCE WIDE - SEE PAGE 3 FOR DETAILS****

MAJOR REGULATION CHANGES ARE HIGHLIGHTED IN BLUE

MINISTRY OF WATER, LAND AND AIR PROTECTION

HONOURABLE BILL BARISOFF, MINISTER

WHAT IS LIMITED ENTRY HUNTING?

Limited Entry Hunting, or LEH, is a system by which hunting opportunities are awarded to resident hunters based on a lottery, or random draw.

The purpose of LEH is to achieve wildlife management objectives without resorting to such measures as shortening seasons or completely closing areas. LEH seasons are introduced where it has become necessary to limit the number of hunters, limit the number of animals that may be taken, or limit the harvest to a certain class of animal.

The following nine species of game are available under LEH: Bison, Caribou, Elk, Grizzly Bear, Moose, Mountain Goat, Mountain Sheep, Mule (Black-tailed) Deer, and White-tailed Deer.

Although 'general' open seasons may precede or coincide with LEH seasons for the same species in the same area, the class of animal available during the 'general' open season will often be different from the class of animal available during the LEH seasons.

WHO CAN APPLY FOR A LEH HUNT?

Any resident of British Columbia who holds a Resident Hunter Number in good standing may apply. A resident is:

- 1) a person who is a Canadian citizen or a permanent resident of Canada, whose only or primary residence is in British Columbia, and has been physically present in British Columbia for the greater portion of each of 6 calendar months out of the 12 calendar months immediately preceding the date of making an application under *Wildlife Act* or doing another thing relevant to the operation of the *Wildlife Act*, or
- 2) a person who is not a Canadian citizen or a permanent resident of Canada, but whose only or primary residence is in British Columbia, and has been physically present in British Columbia for the greater portion of each of the 12 calendar months immediately preceding the date of making an application under *Wildlife Act* or doing another thing relevant to the operation of *Wildlife Act*.

Licensed junior hunters are permitted to accompany and hunt with an adult holder of a valid LEH authorization and a valid species licence. Any big game animal killed by the junior hunter is counted in the bag limit of the supervising adult.

WHO IS INELIGIBLE TO APPLY FOR A LEH HUNT?

A resident may not apply for a LEH authorization if the resident is ineligible to obtain a hunting licence. This could occur if the resident's hunting licence or hunter number has been suspended, cancelled, or the resident has unpaid fines under the *Wildlife Act* or *Firearms Act*. Further, persons with a Resident Hunter Number who have been living outside the province for some of the previous year, may be ineligible and should review their status according to the the definition of BC Resident in the section "Who Can Apply for a LEH Hunt?" These persons should ensure their status in the Hunter Number Database is current by contacting a Government Agent or Headquarters Office. Applications made by a person who is ineligible will not be entered in the draw and NO refund will be issued.

FIRST NATIONS APPLICANTS

The Ministry of Water, Land and Air Protection is responsible for balancing land and resource conservation and protection with the economic and social benefits of recreational activities and a sustainable environment. It maintains this balance while respecting the aboriginal rights and title of the First Nations in the province.

A First Nation's aboriginal rights may include the right to harvest wildlife for food, social and ceremonial purposes within that First Nation's traditional territory. These harvesting rights may be limited by government regulations regarding conservation and public health and safety. Government regulations apply to any harvesting of wildlife species for sale or barter, in whole or in part, unless there is a demonstrable aboriginal or treaty right to sale or barter.

Under the *Wildlife Act*, 'Indian' means a person who is defined as a status Indian under the *Indian Act* (Canada). Indians who are residents of B.C. are not required to obtain any type of hunting licence under the *Wildlife Act*.

Indians who are residents of B.C. and are exercising their aboriginal right to hunt for food, social and ceremonial purposes within their First Nation's traditional territory may be required to comply with conservation-based hunting regulations. Prior to undertaking any hunting activity, First Nation individuals who are residents of B.C. should inquire with their appropriate First Nation officials or with the Regional Manager of the Environmental Stewardship Division with respect to any requirements that may apply to them. First Nations whose traditional harvest rights are affected by conservation or public safety regulations would have been consulted in accordance with provincial policy and Ministry guidelines.

Indians who are residents of B.C. and wish to hunt outside their traditional territory must do so in accordance with the Hunting Regulations. This includes submitting applications for a LEH authorization via the LEH draw. When completing their application card(s), 'INDIAN' should be entered in the space allotted for Resident Hunter Number. This is required as a means of identification to prevent computer rejection of an incomplete application card. Indian applicants must enter their complete mailing address including the postal code on the application card. Indians who are successful in the draw must comply with the requirements of Compulsory Reporting/Inspection or any other Hunting Regulations.

HOW ARE THE HUNTS ADVERTISED IN THIS SYNOPSIS?

Hunting opportunities advertised in this synopsis are arranged by species, by region, then by class of animal, and finally by Management Unit (M.U.) where the

hunt takes place. Management units may also be divided into zones for certain species. The "MAP SECTION" of this synopsis displays these zone boundaries. The term 'species' as used in this booklet refers to the type of game animal, such as Moose, Elk, Caribou, etc. For example 'Moose' means all Moose regardless of whether they are bulls, cows, or calves. This explanation is given for those applicants who have been under the wrong impression in thinking that if they were to apply for a bull Moose hunt and an antlerless Moose hunt on the same application, they would be applying for two different species.

Each hunt is given its own unique 4-digit HUNT CODE which is highlighted in blue in the left column of each page. In most cases, pages describing hunting opportunities are divided in half, so there will be two columns of hunt codes on each page. Make sure you are looking at the right hunt code for your hunt of choice. When you decide on the hunt you want to apply for, it will be that hunt code you enter on the application card. Do not use last year's LEH synopsis because the hunt codes may be different.

HOW DO I APPLY?

Eligible residents of British Columbia who wish to apply for a LEH draw must fill out an official application card for each species they want to be entered for. Only official application cards are acceptable. Facsimiles will not be accepted.

Application cards may be obtained in person from any issuer of hunting licences. They may also be obtained, by mail, from any government office that issues resident hunting licences.

The fee for an application card is \$6.42, which includes taxes. This fee is not refundable.

You can enter only one application card per LEH species (i.e. one card for Elk, one card for Moose, etc) in one calendar year. See the "RULES AND CONDITIONS OF APPLICATIONS" section of this synopsis for details and exceptions.

COMPLETING THE APPLICATION CARDS

Please use a pen or typewriter to make the entries on your application. All entries should be legible and printed in CAPITAL LETTERS.

Enter your correct Resident Hunter Number in the space provided. If you are a First Nations applicant, please see the "FIRST NATIONS APPLICANTS" section of this synopsis for instructions on how to fill out this portion of the application card.

Birthdate should be entered as YEAR/MONTH/DAY in the correct spaces, using only numbers, and not letters. For example, if you were born on March 24, 1976, you would enter this date as 1976 03 24.

Make sure when entering your phone number to include the correct area code.

When entering your name, please remember to print your last name before your first and middle names. For example, if your name is 'John Albert Smith', you would enter 'Smith John Albert' in the space provided.

When entering your address, be sure it is your **complete mailing address** and not merely the postal code or box number. DO NOT enter your home address unless you have home delivery of mail. If this section is filled out incorrectly, you may not receive notification of your draw results in the mail.

When you have decided which hunt you want to apply for, enter the hunt code for that hunt in the "FIRST CHOICE" box on the application card. This box MUST be completed. DO NOT enter M.U.s in this section.

Each application card presents an opportunity for you to make a second hunt choice for the same species. When you decide which hunt you want as your second choice, enter the hunt code for that hunt in the "SECOND CHOICE" box. Entering a second choice is optional.

DO NOT ENTER HUNT CODES ON THE SAME APPLICATION CARD FOR DIFFERENT SPECIES (e.g. 'Moose & Elk', 'Mule Deer & White-tailed Deer', etc). If two species are submitted on one application, the second choice will be disqualified.

GRIZZLY BEAR SUBSTITUTE HUNTS: Most LEH application cards will have a section offering substitute hunts for Grizzly Bears. However, some older application cards that do not display this option may still be in circulation. If you purchase an application that does not offer this option, and you wish to be eligible

for a substitute hunt, please write 'I WILL ACCEPT A SUBSTITUTE HUNT' in the area immediately below the section where you entered your first and second choice hunt codes.

Please note, substitute hunts are issued only for Grizzly Bear hunts and are not offered in any other draws for any other species. Please see the "SUBSTITUTE HUNTS" section of this synopsis for further details.

GROUP HUNT & SHARED HUNT APPLICANTS:

Only complete the GROUP HUNT section of the application card if you are applying for a Group Hunt or a Shared Hunt. Please see the "GROUP HUNTS" and "LIMITED ENTRY SHARED HUNTS" sections of this synopsis for further details.

Each member of the group applying for a Group Hunt or a Shared Hunt must complete their own application card.

Enter the application card serial numbers of your group members in the boxes numbered 1, 2 and 3. DO NOT enter your hunter numbers here. The serial numbers are the red numbers in the top right-hand corner of the application cards.

The hunt code numbers entered in the FIRST CHOICE and SECOND CHOICE boxes must be exactly the same on each card in the group.

Applications that are not identical in these respects may result in their separation and entry as individual applications instead of a Group Hunt or Shared Hunt. All required information must be entered onto the application in order for it to be accepted as a 'group' entry.

RULES AND CONDITIONS OF APPLICATIONS

You can only enter one application card per LEH species (i.e. one card for Elk, one card for Moose, etc) in one calendar year. If you enter more than one card for the same species, the additional cards will be disqualified from the draw. This means a person is restricted to submitting no more than one card for each of the nine species of game available under LEH.

To clarify with an example: there are several classes of the species Moose, including bull, cow, and calf. It is incorrect to send one application card for a bull Moose hunt, another for a cow Moose hunt and yet another card for a calf Moose hunt. You may only submit one application card for a Moose hunt regardless of the class of Moose or the location of the hunt.

The only exceptions to this rule are the Special Mountain Sheep and Elk draws (see page 4 for more details) and the Grizzly Bear draws. For Grizzly Bears only, there are two LEH draw seasons: one held in the spring and one held in the fall of each year. A person who applies for a spring hunt and does not receive a LEH authorization is eligible to apply for a fall Grizzly Bear hunt in the same calendar year. However, if a person does receive a spring Grizzly Bear LEH authorization, that person is NOT eligible to apply for a fall Grizzly Bear hunt in the same calendar

year, regardless of whether or not he or she harvested a Grizzly Bear in the spring.

DO NOT enter hunt codes for different species on the same application card. If this is done, your SECOND CHOICE hunt code will be disqualified.

Please do not use 'liquid whitener' to make any alterations on application cards as they do not completely dry to a hard surface and may cause an application card to adhere to another card. This could result in the altered application card being missed during processing.

If you make a mistake while filling out the application, draw a single line through the error and print the corrections above the incorrect entry.

An incorrect, incomplete, or illegible application may not be accepted for the draw.

MAILING INSTRUCTIONS

For persons mailing only one application:

- DO NOT enclose your card in an envelope. The application has been designed as a post card for ease of handling in Victoria.
- Place sufficient postage on your card.
- Remove the 'GROUP HUNT' section of the card before mailing, making sure you tear off this section at the perforation line indicated by the arrows.

For persons mailing more than one application:

- You may send your applications enclosed in an envelope.
- DO NOT staple, pin or tape your cards together.
- DO NOT send money, licences, etc., with your cards.
- Remove the 'GROUP HUNT' section of the card before mailing, making sure you tear off this section at the perforation line indicated by the arrows.
- Place sufficient postage on the envelope.
- Address the envelope to the same address that is printed on the back of the application cards.

For persons applying for a 'GROUP HUNT' or a 'SHARED HUNT':

- All the cards of the group, whether it is for Group or Shared Hunts, must be submitted together in the same envelope.
- Write the words "GROUP" or "SHARED", depending on which hunt-type you are applying for, in the bottom left corner on the front of the envelope.
- Group or Shared Hunt applications which are not enclosed together in the same envelope will be accepted as 'single hunt' applications.
- DO NOT staple, pin or tape your cards together.
- DO NOT send money, licences, etc., with your cards.
- Place sufficient postage on the envelope.
- Address the envelope with the same address that is printed on the back of the application cards.

APPLICATIONS MUST BE RECEIVED IN VICTORIA BY 4:30 pm JUNE 15, 2005.

Proof of postage, i.e. postmarks, cannot be taken into consideration for late arrivals.

Try to mail your applications as early as possible DO NOT leave them until the last minute.

NOTIFICATION OF APPLICANTS

At the conclusion of the draw, all applicants, both successful and unsuccessful, will be notified of their draw results by mail. This notification should be received by July 16, 2005. Results will also be posted on the Ministry of Water Land and Air Protection, Fish and Wildlife Recreation and Allocation Branch website <http://wlapwww.gov.bc.ca/fw/index.html>

Please do not telephone for draw results before this date unless you have applied for a hunt that starts in August.

After the completion of the draw, the computer prints the assigned LEH authorizations on special forms. These authorizations will contain the applicant's name, address, Hunter Number, and the Limited Entry Hunt assigned, with species, class and dates. Also printed on the authorizations are any special hunt conditions that must be followed. These authorizations are immediately mailed to the applicants. In some cases, special instructions or requests for information from the hunter, such as Harvest Card return envelopes, may be included with the authorization at the time of mailing.

Hunters who submit applications for more than one species, please note that your notification will include information about ALL of your applications and may contain BOTH authorizations to hunt as well as unsuccessful notices, depending upon your draw results. They will be on the same piece of paper.

Please be sure you read the entire document you receive in the mail to avoid discarding a valid authorization in error.

SUCCESSFUL APPLICANTS

This is a reminder that although you have been drawn for a LEH authorization, you are still required to possess and carry your valid B.C. resident hunting licence and the appropriate valid B.C. species licence(s) while hunting under authority of a LEH authorization (First Nations are exempted from holding B.C. hunting and species licences).

Each year, the Fish and Wildlife Recreation and Allocation Branch sends questionnaires to a random sample of hunters requesting information about their hunting activities. The information provided by hunters who complete and return these questionnaires is vital to the management of hunting in B.C. All hunters who draw a LEH authorization to hunt Bison, Elk, Moose, Mule (Black-tailed) Deer and White-tailed Deer will be sent questionnaires. These questionnaires may also ask hunters to provide information related to their hunting during regular open seasons. Hunters are urged to promptly complete and return any questionnaires they receive. Contact the Fish and Wildlife Recreation and Allocation Branch in Victoria if you have any inquiries about the questionnaire.

Continued on next pg.

Compulsory Inspection

All Elk in Regions 2, 8 and 7 (M.U.s 7-02 to 7-15, 7-17, 7-24 to 7-26) and all Grizzly Bear, Mountain Sheep, Mountain Goat and Caribou harvested must undergo a Compulsory Inspection. Compulsory Inspections for hunter harvest are no longer provided by the Ministry of Water, Land and Air Protection. Inspections are now provided through independent, qualified inspectors at 27 locations throughout the province. For information on the location nearest you, please contact the Ministry of Water, Land and Air Protection regional office in your region. Portions of animals that are required for inspection are listed in the 2005/2006 Hunting and Trapping Regulations Synopsis, as well as other information which may apply to Limited Entry Hunts, including: No Shooting and No Hunting Areas, Special Closed Areas, Wildlife Sanctuaries, and drawings and detailed descriptions of antler and horn restrictions.

Anyone who kills a bull Elk or a bull Moose under the authority of a LEH authorization must, while returning from the hunt, keep the antlers of the animal available for inspection by an officer.

Bag Limit

A LEH authorization does not permit a person to exceed the regular hunting season bag limit of any species of game. Provincial and regional bag limits still apply, as shown in the 2005/2006 Hunting and Trapping Regulations Synopsis.

Please note that any big game animal taken by a licensed junior hunter is counted in the bag limit of the accompanying adult holder of a LEH authorization.

Hunting in Parks

If the hunt you are applying for takes place within a provincial park, certain park regulations may apply (specifically with regard to access). Please contact the Environmental Stewardship Division, Parks and Protected Areas Section (phone numbers on page 4) in the area which you wish to hunt.

EXPLANATION OF THE DRAW

The allocation of authorizations for each species is determined by the following procedures, all of which are carried out by a computer located in Victoria:

1. Each application is allotted a randomly selected unique number from a series ranging from 1 to 2,000,000,000.
2. Applications are then arranged in their numerical order according to the randomly allotted number.
3. The first application to be drawn is the one with the lowest number and an authorization is allotted to it according to the hunt code number in its FIRST CHOICE box.
4. Applications continue to be selected in this manner, i.e., the lowest numbers first, until either:
 - (a) all of the available authorizations have been allotted, or
 - (b) all the applications FIRST CHOICES have been checked and there still remain additional authorizations to be allotted.
5. If all the authorizations have not been allotted by checking all the FIRST CHOICES then the same procedure is repeated using the hunt codes in the SECOND CHOICE box.
6. In the case of Grizzly Bears only, after all the SECOND CHOICES have been checked and there are still authorizations to be allotted, the same procedure is repeated once again, this time selecting those applications for Grizzly Bear with checked (X) as 'YES' agreeing to accept a 'substitute' hunt. These hunts may not be for the M.U. applied for, but will be in the same region.

Over the years, many unsuccessful LEH applicants have suggested that the draw should be changed to increase the chances of those who were previously not drawn. In 1993, a new 'enhanced odds' system was introduced for Elk in Region 4, and in 1998 it was put into place for all species and regions, except for Mule (Black-tailed) Deer and White-tailed Deer.

All hunters drawn in 2004 for any species except Mule (Black-tailed) Deer and White-tailed Deer will have their odds reduced in 2005 if they apply for the same species again, regardless of region of hunt. Hunters should be aware that any LEH hunt they drew last year, except for Mule (Black-tailed) Deer and White-tailed Deer, will affect their odds in this 2005 LEH draw.

Under this system, the degree to which previously successful applicants have their chances reduced is dependent on demand. If the number of people who

apply for a hunt is more than twice the number of available authorizations, then previously successful applicants will have their chances reduced by 50% (The reduction will be 66% for all Moose hunts and for Elk hunts in Regions 1 and 2, see below). If the demand for a hunt is less than twice the number of available authorizations then previously successful applicants will still have their chances reduced, but the reduction will be somewhat less than 50%. If the demand for a hunt is so low that there are fewer applicants than available authorizations, then previously successful applicants will not have their chances reduced at all.

In the special case of all Moose hunts and Elk hunts in Regions 1 and 2, odds reduction will be handled a little differently. Applicants that are drawn for any Moose or for Elk in Regions 1 and 2 will have their odds reduced by 66% (rather than 50% as with other species) for the following three years. Therefore a hunter drawn for any Moose hunt or for an Elk hunt in Regions 1 or 2 in the 2005 draw would face odds reduced by 66% in the 2006, the 2007, and the 2008 draws.

SUBSTITUTE HUNTS

Occasionally, some Grizzly Bear hunts have so few applicants that there are hunting opportunities that have not been assigned after all first and second choice applications have been processed. Any such left over hunts will be assigned to applicants who mark the 'YES' box in the section of their application that asks if they are willing to accept a substitute hunt. This area of the application is situated just below where the FIRST CHOICE and SECOND CHOICE hunt codes are entered. All substitute hunts will be assigned in the region of the applicant's second choice. Please note that if you choose this option, you could be issued an authorization for a LEH Grizzly Bear hunt in a location that is far away from the vicinity of either your first or second choice.

GROUP HUNTS

A LEH draw system known as 'Group Hunts' is available to hunters who wish to apply with a group of hunting partners with the chance that every person in the group will be allotted a LEH authorization. Under this system, the application cards of the group members are combined and entered in the draw as 'one' application. If this 'one' application is drawn, each hunter in the group receives an authorization and each hunter may harvest an animal matching the description on the authorization. If any member of a group applying for any species except Mule (Black-tailed) Deer and White-tailed Deer was drawn for the same species the previous year, the entire group will have their odds reduced (see above).

Group Hunt applications are not accepted for Bison hunts or Elk hunts in Regions 1 and 2. In the case of Moose, group hunt applications have been replaced by Limited Entry Shared Hunt applications. Persons applying as a 'group' should only apply for those hunts that have sufficient authorizations to allow for each applicant in the group to receive an authorization. Group Hunt applicants should be aware that the 'tentative number of authorizations available' listed for each hunt may vary and could be reduced at the draw date to a number lower than the number of hunters applying as a group. When the numbers of available authorizations are fewer than the number of applicants for a group hunt, the group membership will be ignored and each member will be entered in the draw as an individual. Changes to the number of available authorizations may be made to any LEH, but are most likely for Grizzly Bear hunts.

A Group Hunt may not be more than FOUR persons.

LIMITED ENTRY SHARED HUNTS

In 2001 a new type of Limited Entry Hunt was introduced for Moose in Region 3 called Limited Entry Shared Hunts, and in 2004 was implemented for all LEH Moose hunts province wide. The purpose of these hunts is to increase the number of hunters who are drawn in the LEH draw without having to increase the number of Moose that may be harvested.

Those wishing to apply for Limited Entry Shared Hunts may apply individually, (you don't have to be part of a Shared Hunt) or as shared groups of two, three, or four (Shared Hunt). If a group is drawn, a group of two will be allowed to take one Moose only, and a group of three or four will be allowed to take two Moose only. All members of the group must have a valid Moose species licence, and any group member may take a Moose until

the group limit has been reached. No group member may take more than one Moose, and must cease hunting in the Limited Entry Shared Hunt when he or she has harvested a Moose. Members of a group participating in a Limited Entry Shared Hunt must be able to communicate with one another in order to avoid exceeding the group's limit. There are no restrictions on methods of communication.

All group members participating in the hunt must ensure that any kill is immediately recorded in the Harvest Details section of each shared group member's authorization, in conjunction with the immediate cancelling of the species licence of the hunter making the kill. Make sure you communicate this information to one another! It is your responsibility to ensure that your group does not exceed its limit! The total number of Moose a shared group may harvest will be listed at the top of each group member's authorization. DO NOT exceed your group's limit. The annual Moose bag limit for a hunter is one. Therefore, any group member who has already taken a Moose in any type of Moose hunting season during the same licence year may not participate in a Limited Entry Shared Hunt.

Those who apply for a Limited Entry Shared Hunt will have an advantage in the draw over a single applicant. The applications for each member of the group will enter the draw as single applications, but if any member of the group is drawn, then the entire group will be drawn. Therefore a group of four applicants has four chances to be drawn. This differs from the way group applications for other hunts are handled. For all Group Hunts other than the Limited Entry Shared Hunts, the applications enter the draw as a single application, and therefore a group has only one chance to be drawn.

The enhanced odds system, described in the "EXPLANATION OF THE DRAW" section, applies to all Moose hunts, so people who were previously drawn for Moose will have their chances reduced. **If any member of a group applying for a Shared Hunt has been drawn for a Moose in the previous three years, then the entire group will be treated as previously successful and their odds will be reduced.**

Important points to note:

If a member or members of a Shared Hunt group cannot participate, the others may still hunt. The member(s) that was not participating may decide to join in the hunt later, but they must first update the Harvest Details section of their Limited Entry Shared Hunt authorization before starting to hunt. If the other group members have already taken the group's quota, then the Limited Entry hunt is over, and they may not participate. However, if they wish, they may still hunt for Moose in any general open seasons that may be available.

With some Limited Entry Shared Moose hunts, there will be general open seasons for Moose at the same time and place. For example, there could be a general open season for Calf Moose or Spike/Fork Bulls at the same time and place as a Limited Entry Shared Hunt for Cow Moose. At the top of each Limited Entry Hunting authorization, the species and class of animal are listed. Example : ONE ONLY MOOSE (this is the species)
BULL ONLY (this is the class of animal)

If a member of a Limited Entry Shared Moose Hunt group harvests a Moose that is available on a general open season, it does **not** count against the group limit. For example, if a Shared Moose Hunt group is entitled to take two Bull Moose from Oct. 1– Nov. 30, they are allowed to take *any 2 Bulls regardless of antler configuration* during that period. If there is a general open season for Spike/Fork Bulls in the same area from Oct. 1–Oct. 31 and if a group member shoots a Spike/Fork Bull from Oct. 1– Oct. 31, it does not count against the group limit and the other group members may still take two Bulls. However, if a group member shoots a Spike/Fork Bull from Nov. 1–Nov. 30, it does count against the group limit because there is no longer a general open season for Spike/Fork Bulls during that period.

If you wish to apply for one of these Limited Entry Shared Hunts, please follow the procedures described in the "COMPLETING THE APPLICATION CARDS" and "MAILING INSTRUCTIONS" sections of this synopsis.

SPECIAL LIMITED ENTRY HUNTS FOR 2006

Roosevelt Elk and Mountain Sheep special limited entry hunts are available to resident hunters in 2006.

These special hunts are supported by the Wild Sheep Society of British Columbia, the BC Wildlife Federation and the Guide Outfitters Association of BC.

While the special LEH allows the animal to be taken in excess of the regular bag limit, a second species licence may not be purchased until after the first species licence has been cancelled. If an animal is harvested during the special hunt, it will not be considered in the calculation of reduced odds for future LEH applications.

There is only one special resident LEH authorization for Roosevelt Elk and one for Mountain Sheep.

These authorizations are not transferrable to another hunter. There are NO Group Hunt applications for this draw.

NEW THIS YEAR

The applications deadline for Special Limited Entry Hunt opportunities is **Wednesday July 6, 2005**. The draw date for these hunts will be July 20, 2005. Please note, that although the deadline and draw dates are in 2005, the hunts do not take place until 2006.

TO APPLY

Special LEH applications are available from all regular LEH application vendors OR you may apply by completing the online LEH application and VISA/Mastercard Payment Authorization form, and faxing them together to 250-387-0922. **Cheques are no longer accepted.** These forms may be downloaded from the following website:

http://wlapwww.gov.bc.ca/fw/wild/documents/leh_special_hunts.pdf

The application fee for each special LEH application is \$16.05 (includes GST). The fee is NOT refundable.

Ten dollars of application fee will be directed to a special account in the Habitat Conservation Trust Fund (HCTF) for projects specific to Sheep and Elk management.

ELIGIBILITY

Any resident who is eligible to hunt in BC (holds a Resident Hunter Number in good standing) may apply.

A resident who applies for the special LEH draw may also apply for any regular LEH draw.

A resident may apply **as many times** as he or she wishes for the special limited entry hunts.

MAILING INSTRUCTIONS

Special Mountain Sheep and Roosevelt Elk applications MUST be received in Victoria by 4:30 pm July 6, 2005. **Applications mailed with cheques attached, are no longer accepted.** Proof of postage, i.e. postmarks, cannot be taken into consideration for late arrivals. Mail your applications as early as possible - DO NOT leave them until the last minute. The Fish and Wildlife Recreation and Allocation Branch cannot accept responsibility for the non-arrival of an application to the Victoria address.

Draw Date is Wednesday, July 20, 2005.

INSTRUCTION FOR COMPLETING

- 1) Enter all information: an incomplete entry may be disqualified.
- 2) To be entered in this draw, this application MUST reach the Victoria address before the deadline specified in the Limited Entry Hunting Synopsis.
- 3) You may purchase and submit as many applications as you wish.

Completion of Application Cards

Please use a pen or typewriter to make entries on your application card(s). PRINT your name CLEARLY in CAPITAL LETTERS and starting with your 'Last Name'.

Be sure to enter your correct BC Resident Hunter Number on each application card.

When entering your address, be sure it is your COMPLETE MAILING ADDRESS, not merely the postal code or box number. Do not enter your home address unless you have home delivery of mail. An incomplete or incorrect mailing address may result in your draw notification being undeliverable.

The Fish and Wildlife Recreation and Allocation Branch cannot accept responsibility for any application card that is not completed according to the instructions on the card.

All other restrictions, including the location of open seasons, weapons restrictions, species, sex and class of animal restrictions listed in either this synopsis or the 2005/2006 Hunting and Trapping Regulations Synopsis apply to this special hunt.

Any Roosevelt Elk harvested in Region 2 requires Compulsory Inspection. All Roosevelt Elk harvested in Region 1 are subject to Compulsory Reporting. Further details can be found in the 2005/2006 Hunting and Trapping Regulations Synopsis.

2006 Season for Roosevelt Elk (Subject to Change)

Region 1 Vancouver Island Sept. 1/06 - Dec. 15/06
 Region 2 Lower Mainland Sept. 1/06 - Dec. 15/06

MOUNTAIN SHEEP

The successful applicant will have the opportunity to hunt either a bighorn or thornhorn ram Mountain Sheep during the dates listed below. If hunting a thornhorn ram sheep, the successful applicant may hunt 21 days prior to the opening date listed below for the region intended to hunt.

If a Mountain Sheep is harvested during the special hunt, it will not be considered in the limit of one sheep in three years in regions where that restriction applies. All other restrictions, including the location of open seasons, weapons restrictions, species, and sex listed in either this synopsis or the 2005/2006 Hunting and Trapping Regulations Synopsis apply to this special hunt. The successful applicant need not follow horn curl regulations that apply in the area hunted as the special LEH Mountain Sheep permit will be for "any ram".

Reminder: Both Special LEH draw winners in 2005 will be eligible to hunt in the fall of 2006

LIMITED ENTRY HUNTING - TERMINOLOGY

SPECIES In this booklet 'species' refers to the following game: Mountain Goat, Elk, Moose, Mountain Sheep, Caribou, Mule (Black-tailed) Deer, White-tailed Deer, Grizzly Bear and Bison.

AREA This term is used in conjunction with a place name to denote a specific land area within British Columbia. It can consist of a number of Management Units, a single Management Unit or a portion of a Management Unit. For instance, the ASHNOLA AREA is comprised of a single Management Unit, 8-03. This particular area has also been subdivided into two Zones, A and B. Other examples are SPATSIZI PARK AREA which consists of only a portion of Management Units 6-19 and 6-20 and SMITHERS AREA which is comprised of several complete Management Units.

MANAGEMENT UNITS A specific land area denoted by the initials 'M.U.' and a hyphenated number, i.e. M.U. 4-24, M.U. 3-14, etc. If the Management Unit has been subdivided into Zones this will appear as M.U. 4-24A, M.U. 4-24B, etc.

SEASON DATES Refer to a period of time that hunting may take place. All dates are inclusive, e.g. September 1 to September 30 means that hunting may commence on September 1 and continue through and including September 30.

CLASS OF ANIMAL This term refers more specifically to the sex, age or antler/horn configuration of the animal for which an authorization is available.

TENTATIVE NUMBER OF AUTHORIZATIONS AVAILABLE The number which appears in the authorizations column is a tentative number only and may be adjusted prior to the draw resulting in a possible increase or decrease in the final number of available authorizations.

2004 FIRST CHOICE ODDS This is a list of odds on being drawn for the same hunt in the 2004 Limited Entry draw. These odds pertain to hunts that were indicated as 'First Choice' selections on the 2004 application cards. They are a measure of the number of people who applied for each authorization available in 2004.

 ** Also includes portions of M.U. 7-42.

Limited motorized access with snow machines is likely to be necessary for November and December but snow depths may vary greatly from year to year.

A Bison species licence will be available only by mail and only to those persons successfully drawn for a Limited Entry Bison authorization.

Group hunt applications will not be accepted for Bison. Any group applications that are received for Bison will be entered as individual applications.

Hunters are prohibited from using a weapon other than:

a) a rifle that fires a 175 grain or larger bullet retaining 2712 joules (2000 foot pounds) or more energy at 100 metres, or

b) a bow having a pull greater than 22.6 kg within the archer's draw length, an arrow greater than 26 grams in weight and a broadhead greater than 8.1 grams in weight and 2.2 cm in width at its widest point.

Successful hunters must, within 30 days after the date of the kill, report in person or by mail to the Victoria Wildlife Branch, using a Harvest Data Card, the following information:

- location of the kill • date of the kill • number of days hunted • sex of the animal taken.

Hunters are reminded that under Section 35 (2) of the Wildlife Act, anyone who kills or injures wildlife must make reasonable attempt to retrieve that wildlife, and if it is alive, to kill it. This is particularly important with Bison.

+ These hunts are primarily private lands managed for forestry activities. Hunters are warned that access during mid-week will not likely be available, and that any access to the area is at the discretion of the landowner. Depending on weather and/or industrial activities, access may not be available during part or all of the LEH season.

Successful hunters must, within 30 days after the date of the kill, report in person or by mail to the Victoria Wildlife Branch, using a Harvest Data Card, the following information:

- location of kill (including M.U.) • date of kill • number of days hunted • sex of animal taken.

LOWER MAINLAND REGION 2 (See LEH Maps 2A, 2C and 2D for zone boundaries)

 ** The entire area in Zones B and C of M.U. 2-05 and Zone B of 2-12, and portions of Zone A of M.U. 2-05 and portions of Zone A of M.U. 2-12 are restricted to ARCHERY EQUIPMENT ONLY.
 *** Also includes Zone B of 2-12

Much of the area within Zones B and C of M.U. 2-05 is Private Land. Permission of the landowner must be obtained prior to the hunt. Applying for a LEH in these areas does not guarantee that there will be Elk present during the selected season. Also the private landowners may restrict the number of hunters that are allowed onto their land. It is the hunter's responsibility to locate landowners willing to allow hunter access. This can be a long and challenging process with no guarantee of success.

Hunters are reminded that under S.35(2) of the Wildlife Act, anyone who injures wildlife must make reasonable attempt to retrieve that wildlife, and if it is alive, to kill it. This is particularly important for Roosevelt Elk in areas restricted to ARCHERY EQUIPMENT ONLY and these hunts are recommended only to archers with considerable big game hunting experience.

Successful hunters are required to submit within 30 days of the kill, both antlers attached to a portion of the skull and one of the incisor teeth (including the crown and root) of any Elk taken to a C.I. Inspector. The following information must be supplied at the same time:

- location of kill (including M.U.) • date of kill • number of days hunted • sex of animal taken.

LIMITED ENTRY SHARED HUNTS

MOOSE SHARED HUNTS

Continued for 2005 Moose Shared Hunts are in effect for all regions with moose seasons. All Moose hunts are open only to single applicants or shared groups of up to four applicants applying for a Limited Entry Shared Hunt. Limited Entry Shared Hunts are intended to allow more people to be drawn in the LEH draw without having to increase the number of animals that may be harvested. Please see the 'LIMITED ENTRY SHARED HUNT' section of this synopsis for more details.

Those hunting on a 'Cow or Calf' Moose LEH authorization are requested to take the calf when encountering a cow and calf together. By doing so you help to maintain the stock of prime breeding female Moose, which are essential for the continuance of a healthy Moose population.

Successful hunters must, within 30 days after the date of the kill, report in person or by mail to the Victoria Wildlife Branch, using a Harvest Data Card, the following information:

- location of kill (including M.U.) • date of kill • number of days hunted • sex of animal taken.

PEACE RIVER AGE RESTRICTED HUNTS

The following hunts are open ONLY to hunters who are under the age of 19 and WHO POSSESS A VALID HUNTER NUMBER CARD. To qualify as under 19, an applicant's 19th birthday must fall on or after August 1, 2005. Hunters who are under the age of 19 at the time of their hunt must be accompanied and closely supervised while hunting by a person who is 19 years of age or older and who holds a valid hunting licence.

THIS IS THE END OF THE SHARED HUNTING SECTION

MOUNTAIN GOAT

Due to concerns over the large percentage of female goats harvested in some areas of the province, the Fish and Wildlife Recreation and Allocation Branch is continuing to encourage hunters to harvest male Mountain Goats only. Copies of a video titled "Is it a Billy or is it a Nanny" are available for loan at regional wildlife offices to help hunters learn to select male Mountain Goats. Copies are also available through the BC Wildlife Federation. Hunters are encouraged to borrow and view this video before their Mountain Goat hunt. Further restrictions, which could be implemented in 2006, may be avoided if hunters harvest male Mountain Goats only. Further details will be in the 2005/2006 Hunting and Trapping Regulation Synopsis.

Successful hunters are required to submit the horns of any Mountain Goat taken for compulsory inspection within **30 days of the last day of the hunt OR before December 5 of the year of the kill whichever occurs first.** Please contact a Regional Environmental Stewardship Office (page 4) for a list of qualified inspectors.

SPRING 2006 GRIZZLY BEAR

If you have made an application for a Fall 2005 Grizzly Bear hunt, you are eligible to apply for any of these hunts; however a successful Spring 2006 draw will make a person ineligible to apply for a Fall 2006 Grizzly Bear hunt.

Do not submit your application for this hunt until AFTER July 31, 2005. Applications must be received in Victoria by February 3, 2006.

Notification of draw results will be sent on or before February 20, 2006 for this hunt.

There is no open season on a less than 2-year-old Grizzly Bear, or any Grizzly Bear in its company.

Do not shoot any Grizzly Bear when observed in a family unit.

Hunters are requested to select a male Grizzly Bear.

Note the numbers listed are the actual numbers of authorizations issued for Spring 2005 and are subject to change. The actual number of authorizations to be issued for Spring 2006 will be posted on the ministry website <http://wlapwww.gov.bc.ca/fw/index.html> by January 16, 2006.
